Last Saturday of the Month Walking Group

Everyone welcome. Walks are typically circular, between 4 and 7 miles with the shorter walks in the winter. Some regulars are over 80 years of age though most are much younger. Parents and carers are responsible for children. Boots or strong shoes, waterproofs and a backpack with refreshments are advised. We generally drive to the walk starting point, usually within an hour away. Walking is free but we carshare and ask passengers to contribute towards their volunteer drivers fuel costs. Twice a year some of us spend a walking weekend together at locations within three hours travel.
